For a May Day of anti-fascist and anti-imperialist resistance

Declaration of the Executive Bureau of the Fourth International

On 5 April in the United States, 1,300 demonstrations involving 500,000 people expressed broad anger against Trump and his far-right government. These mobilizations, significant but still in their early stages, show that it is possible to respond to the violent attacks carried out around the world against the interests of workers, migrants, victims of racial oppression, women, and the LGBTI community.

In Serbia, Greece, South Korea, Turkey, Britain, Germany, Argentina and India, significant sectors of the population have also mobilized against their governments – putting them in a tight spot, and against the far right. The youth have played a fundamental role in almost all of these resistance movements. The broad movement of solidarity with the people of Gaza against the genocide imposed by the Zionist state, which has mobilized hundreds of thousands of young people, many of them from racialized backgrounds in imperialist countries (including anti-Zionist Jews), shows the way forward in the mobilization against imperialist and extreme right offensives. This movement strengthens solidarity with the Ukrainian resistance against the Russian invasion, the resistance of the Kanak people against French imperialism, and all other forms of anti-fascist and anti-imperialist solidarity and resistance.

2025 May Day is an opportunity to demonstrate worldwide our international solidarity with the struggles against warmongering policies, the far right, against neoliberal

policies, and for the democratic, economic, and social rights of the people. The Palestinian flag will fly as a symbol of resistance all over the world.

The world has become even more unstable, uncertain, and dangerous. We must confront the climate emergency and the economic, social, and political crises engendered by capitalism. The authoritarian and xenophobic-protectionist policies of Putin and Trump, and the imperialist and commercial wars they are waging are deepening the crisis of this system. Trump's measures worsen the economic crisis and cause more inflation, and layoffs, in addition to reinforcing ecocidal and imperialist extractivism. The authoritarian, imperialist or regional imperialist governments of Trump, Putin, Netanyahu, Meloni, Orbán, Erdogan, Modi, Xi Jinping and Marcos are leading these attacks. Their reactionary conservatism is simultaneously articulated through a multiplication of attacks on social and democratic rights, including women's reproductive rights, LGBTI rights, particularly those of trans people, against freedom of the press and expression, against migrants and all racialized people – who are increasingly subjected to discrimination, illegalization, family separation, imprisonment and deportation.

Faced with this situation, the Fourth International affirms the urgent need to fight for the broadest freedom of movement and settlement, with equal rights regardless of nationality, origin, gender, or sexuality. The Fourth International demands a freeze on prices and an increase in wages, the cancellation of illegitimate debts, and the expropriation of banks and large energy companies.

The response to the warmongering policies of Trump and Putin,

which are embodied in the invasion of Ukraine and the genocide in Palestine, as well as in their attempts to reach an agreement to divide up Ukraine's wealth, cannot be militarism. The European Union is trying to organize itself to form a third economic and military pole based on a headlong rush into warmongering and antisocial austerity policies. It uses the pretext of responding to Putin and Trump to increase military budgets. It claims that, to do so, drastic cuts in social spending are necessary – in hospitals, schools, pensions, public jobs, and, of course, aid to countries in the South, as Trump has done. This policy is fraught with threats to humanity, whether through the threat of war, including nuclear war or through the rise of neo-fascism around the world and their open rejection of the fight against the climate crisis.

The Fourth International calls for a global movement against wars, militarization, and against nuclear weapons. This movement does not clash with but instead strengthens support to the armed and unarmed struggle of the peoples against imperialist wars, particularly in Palestine and Ukraine, but also of all peoples subjected to imperialism and regional powers in the Congo, Sudan, the Sahel, Kurdistan, Armenia, Yemen, Myanmar. Because there can be no peace without justice.

There is an urgent need to build another world based on cooperation rather than violence, on socialization (of natural resources, transport, banks) and not competition, on democratic decisions about what to produce and what goods to circulate, on solidarity instead of the hatred encouraged by the far right. At the forefront of this struggle are these ones who fight against the far right, against liberal governments, against war, for the liberation of Palestine and Ukraine. The Fourth International expresses this in its manifesto for the eco-socialist revolution, adopted at its 18th Congress.

This May Day, we call on workers, peasants, those living in poor neighbourhoods, and all oppressed peoples and sectors to

mobilize massively to change the world. In the face of the rise of the far right and the authoritarian policies of all governments, the Fourth International calls for building unified campaigns in response to warmongering imperialism, neo-fascism, and neoliberalism. Let’s change the balance of power!

- International solidarity against imperialism and authoritarianism on the 1st of May, historical day of international resistance and solidarity!
- Stop wars and militarization! Free Palestine! Russian troops out of Ukraine!
- Stop the far right all over the world!
- Defence of workers’ demands, for an ecosocialist revolution!
